PROFESSIONAL SUMMARY

Innovative and **result-oriented Senior Analyst** and **IIT Delhi** dual degree (B.Tech + M.Tech) graduate with **3+** years building agentic AI, unstructured-data and enterprise BI solutions for **Fortune-500** pharma clients. Spearheaded high-impact Power BI platform for **3,000+** users, automated award workflows with Power Apps, and modernized pharma dashboards with **Copilot, Snowflake** -powered conversational analytics. Built **custom agentic AI agents** integrated with **SQL** Server and web front ends, including an **LLM** email-intelligence agent for vendor-client issue tracking, and contributed to a **RAG**-ready framework for PDFs, decks, research reports. **Mentored** a team of **6** interns to ship client-ready features. Eager to build production-grade GenAI solutions.

WORK EXPERIENCE

- **Axtria - Ingenious Insights, Gurgaon -** *Senior Analyst | Agentic AI & BI Engineer* (July 2024 – Present)
  - -> Part of the **BI Center of Excellence** (COE) team, led end-to-end development of the **org level critical dashboards** for **3000+** users, managing data sourcing, modeling, complex dax queries, rls and visualization to drive cross-functional data-driven decision-making
  - -> Contributed to **RFPs** for **top-10** pharma and biotech clients, creating demo reports with solution architecture, upgrading dashboards to **NextGen BI** level by integrating **Copilot, agentic functionlities**, resolving backend data issues, and implementing UI enhancements resulting **75%** win rate
  - -> Built internal **apps Gems of Axtria, Rewards app** using Power Apps and Power Automate, automating award workflows across India and US teams. Also built an **LLM email-intelligence agent** that converts vendor-client email sends daily/weekly digests of issues, owners, status and sentiment, etc
  - -> Developed an **agentic AI** solution integrated into **BI, Tableau** and web **frontends**, expanding functionality beyond Copilot while guiding **4 interns**. Contributed to a **RAG-ready unstructured data** framework (Databricks, parsing, chunking, embeddings) and ML model deployment pipelines
- **Axtria India Private Limited, Gurgaon -** *Data Analytics Intern* (May 2023 – Jul 2023)
  - -> Received a Pre-Placement Offer (**PPO**) based on high performance and active contribution. Worked on **ETL** testing, Master Data Management (**MDM**) processes, and Software Development Life Cycle (**SDLC**) methodologies
  - -> Gained hands-on experience with **Snowflake** and **Amazon Redshift** data warehouses, and used **JIRA** for bug tracking and project management
  - -> Wrote **SQL queries** for data validation, created test cases, logged defects, and supported **Quality Assurance** for internal pharma dashboards
- **NFTically, Gurgaon -** *Product Analyst Intern* (Jun 2022 – Jul 2022)
  - -> Designed and Implemented **Company's Dashboard** with interactive reports on **Google Analytics** & **Mixpanel** using Google Tag Manager (**GTM**). Built data visualizations using **SQL** and **Tableau** for product KPIs that reduced manual reporting work by **9 hours** weekly
  - -> Conducted detailed **market research** and competitor analysis for **NFTically** and its Web3 commerce platform, **COMEARTH** & Ecosystem
- **Redopact Limited, Haryana -** *Digital Content Analyst Intern* (Jun 2021 – Aug 2021)
  - -> Wrote content for **business collaterals** like brochures, websites, pamphlets. Analysed website features and did proofreading including T&C and blogs
  - -> Collaborated with the Marketing and Sales team to develop compelling infographics for B2B and B2C technology audiences

ACADEMIC DETAILS

Year	Degree / Board	Institute	GPA / Marks (%)
2024	B.Tech and M.Tech in Chemical Engineering	Indian Institute of Technology Delhi	7.821
2019	Indian School Certificate (12th Board)	Christ The King Convent School	93.5%
2017	Indian Certificate of Secondary Education (10th Board)	Christ The King Convent School	93%

PROJECTS

- **Enterprise-Wide BI Asset Management Platform -** *(Portfolio Project)* (Dec 2024 – Feb 2025)
  - -> Engineered a **dynamic** Power BI **solution** using advanced DAX to **unify enterprise dashboards** in searchable, structured interface for rapid data **access**
- **Store Engagement Intelligence for CPG Field Optimization -** *(Portfolio Project)* (May 2025 – Jun 2025)
  - -> Built an **intelligence** platform to assess store engagement, **forecast** risk, streamline field operations, and efficiently **optimize** CPG sales rep daily **routes**
- **Competitive Monitoring and AI Intelligence Scout -** *(Portfolio Project)* (Aug 2025 – Sep 2025)
  - -> Developed agentic AI system to **monitor** competitor activity, detect early signals, filter out **noise**, streamlit UI, provide weekly insights & **refine** outputs
- **Catalyst Synthesis & ML-Based Optimization for Biomass Hydrogenation -** *(IIT Delhi Thesis)* (May 2022 – May 2024)
  - -> Synthesized bimetallic catalysts, trained **Random Forest** model to **optimize** bio-hydrogenation, reducing experiments via variable importance **analysis**
- **Image Compression and Generation using Autoencoders in Python -** *(Rice University, Coursera)* (Oct 2021 – Nov 2021)
  - -> Built an autoencoder in **Keras** to compress, reconstruct grayscale images, effectively optimizing latent space representation and **minimizing MSE loss**

CERTIFICATIONS & SKILLS

- **Letter of Recommendation**: Conferred by **NFTically** company, **Professor** Naresh V Datla for outstanding communication, visualization skills, exhibition of strong organizational skills and a **results-driven mindset**, reliably delivering on assigned objectives
- **Coursera certification:** Google IT Automation with Python, SQL for Data Science, Data collection and processing with Python, Foundation for Big Data Analysis with SQL. PL300 Power BI Data Analyst certification from Microsoft
- **Technically Skilled in -** Power BI (DAX, RLS), Power Apps, Power Automate, Copilot Studio, Python, FastAPI, Node.js, SQL, VBA, Snowflake (Cortex), Databricks, SQL Server, Agentic AI, LLM Integration, RAG, Tableau, Advanced Excel, Google Analytics, Google Tag Manager, Java, C++

POSITIONS OF RESPONSIBILITY

- **Camp Manager & Internship Coordinator, Delhi region:** BloodConnect [India's **largest** youth-led organization] (Jun 2020 – Jul 2023)
- **Marketing Team Head, Rendezvous'21:** BRCA committee, IITD [Asia's **largest** cultural festival, **160k+** footfall, 1200+ colleges] (Apr 2021 – Jul 2021)
- **Vice-Captain, Aquatics:** Karakoram Hostel, Board of Hostel Management, IITD (Sep 2020 – Mar 2021)
